

EXPRESSION OF INTEREST (EOI – 5/2025)
FEASIBILITY STUDY FOR 10MWp GROUND MOUNTED SOLAR PV PROJECT

Fiji Pine Limited is seeking proposals from qualified and experienced consulting firms to submit Expression of Interest (EOI) for conducting a comprehensive feasibility study for one of our proposed 10MWp ground mounted solar photovoltaic (PV) power plants to be located in Vakabuli, Lautoka.

Scope of Works includes and is not limited to:

- Site Assessment and Technical Feasibility;
- Environmental and Social Assessment;
- Financial, Economic Analysis and Risk assessment and mitigating measures;
- Preliminary Project Implementation plan and timeline

Eligibility Criteria

Interested firms must demonstrate:

- Minimum of 5 years of experience in renewable energy feasibility studies, especially solar PV projects above 1MW
- Proven track record of at least three (3) similar assignments in the Pacific or tropical regions
- Multidisciplinary team with expertise in engineering, finance, environmental and social assessments
- Familiarity with Fiji's energy sector, regulatory environment, and local permitting processes (preferred)

If you have any questions, you can contact our manager on mobile no. 8929210/9995788.

Submission Detail

Interested firms can submit their proposal marked "EOI – 5/2025 Feasibility Study for 10MWp Ground Mounted Solar PV Project" and addressed to:

Chairman
Tender Subcommittee
c/o- Tropik Wood Industries Limited
